

IEEE International Conference on Blockchain and Cryptocurrency (ICBC 2023)

1–5 May 2023 | Dubai, UAE – <https://icbc2023.ieee-icbc.org/>

CALL FOR TUTORIALS

We seek proposals for tutorial presentations of general interest to the communication and security research communities and application developers, with focus on Blockchain and Cryptocurrency issues. All topics relevant to the conference will be considered, however priority will be given to proposals that address an emerging research area and emphasize open research questions and future directions related to emerging areas of Blockchain and Cryptocurrencies. Proposals must provide an in-depth and contemporary survey of the chosen area, covering a broad corpus of the related literature. Besides that, the presenters have the option of describing exemplar contributions and works, but they should not consider only their own contributions, a global view is required. Proposals should be 2 hours or 4 hours (including hands-on activities). The proposal (maximum 4 pages) should concisely describe the target audience, the content, and objectives of the tutorial, and must include:

1. Title of the tutorial
2. Abstract, objectives, and motivation
3. Timeline and intended audience
4. Name, affiliation, and a short biography of each tutorial speaker
5. A description of the technical issues that the tutorial will address, emphasizing its timeliness
6. An outline of the tutorial content
7. If appropriate, a description of the past/relevant experience of the speaker(s) on the topic of the tutorial
8. A description of any previous tutorial experience of the speaker(s), and past versions of the tutorial
9. State if a similar tutorial has been offered in other conferences (last two years) and how your tutorial differs

TUTORIAL PROPOSAL SUBMISSION
